Brussels,

Mr. President,
Dear Mr. Valeriu,

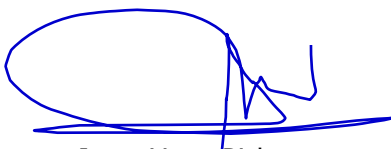

On behalf of CLGE, we would like to thank you for the excellent job you did in preparation and during the European Conference on Cadastre and the very effective support you gave us during our General Assembly, held in Bucharest on 7 May 2010. We had the pleasure to "test and taste" the Romanian organisational, cultural and culinary skills and one must say that what we've experienced was even more than what we could have imagined! We could face some problems to find other NLG volunteering for the organisation of future events of that kind...

Your staff proves to be very well trained and organized and the fact that the young ladies we've worked with were always helping us with a large smile merits to be mentioned. The cameramen and technician were also very obliging.

Allow us to address a special appreciation and gratitude to "our" project manager Ioana. Thanks to her more than competent and pleasant assistance, the Conference and General Assembly became a real success.

Please reflect our gratitude to Mihai Busuioc and Johan Neuner for the outstanding support they gave us. This event will stay marked in our memories for ever.

Sincerely Yours,

Jean-Yves Pirlot
Secretary General

Henning Elmstroem
President

Jean-Yves Pirlot (Belgium)

Secretary General
